**Vincent Virga : Historic Maps and Views of New York** before purchasing it in order to gage whether or not it would be worth my time, and all praised Historic Maps and Views of New York:

1 of 1 people found the following review helpful. Great collection of old mapsBy Lisa MarieI choose this rating because it was everything I hoped it would be.I bought this collection as a gift for a map lover. The maps can be taken out easily and framed if you wish.There is even a small write up on each map in the back of the book.. Very interesting.The only thing I would have liked better is if one of the old maps had all the street names on it.0 of 0 people found the following review helpful. Good product, fast delivery.By George L. HandlerGood product, fast delivery.0 of 0 people found the following review helpful. Love itBy CustomerIt is a great book of maps. I am very pleased with this purchase and would recommend it. The maps are beautiful and can be framed.

A first-of-its-kind collection of twenty-four historic maps and views of New York City, specially bound so they can be removed easily and framed in standard-size frames.Historic Maps and Views of New York is a unique and fascinating collection of twenty-four New York maps and views dating from the 1600s through the present. Included with each map is the original printing information and brief text that places it in historic context and further illuminates its qualities. Put together by a map expert based at the Library of Congress, the selections include one of the earliest maps of Manhattan by Johannes Vingboons; views of New York Harbor in the early 1700s; an elaborately detailed map of Central Park; a complete topographical map of the island of Manhattan; an early subway map; overviews of Brooklyn and Queens; and much more. Each unique and stunning representation of New York is exquisitely reproduced to show off its color and detail, making it ready for display in any home, office, dorm room, or classroom.

From the Back Cover Twenty-four historic maps and views of New York City and its environsdating from the 1600s through the presentready for framing in a custom format or in a standard 11"X14" frame. This stunning and fascinating

collection includes one of the earliest known maps of Manhattan, a detailed map of Central Park, a complete topographical map of the island of Manhattan, an early subway map, overviews of Brooklyn and Queens, and much more. Each map's original printing information is provided, as well as additional information that places it in historic context and further illuminates its qualities. Each map is exquisitely reproduced to show off its color and detail.
