**P. J. O'Rourke : Holidays in Hell: In Which Our Intrepid Reporter Travels to the World's Worst Places and Asks, "What's Funny About This" (O'Rourke, P. J.)** before purchasing it in order to gage whether or not it would be worth my time, and all praised *Holidays in Hell: In Which Our Intrepid Reporter Travels to the World's Worst Places and Asks, "What's Funny About This"* (O'Rourke, P. J.):

3 of 3 people found the following review helpful. Wonderful bitter truth  
By Yelena P. Francis  
This book is a very healthy product of a healthy type of thinking. It is a good sign that this country is "in good shape" as long as it can produce intelligent opposition to some weird or unhealthy world and domestic events (for example, "The Simpsons" and "South Park" as well as "Politically Incorrect Guide to..." book series). It is a good sigh of the "society health" when there are native writers like O'Rourke, who can give an objective view (presented wittily and with humor slightly ironical and often with subtle sarcasm) on some present or recently powerful political movements, events and tendencies. I myself from the former Soviet Union, and the article about socialist Poland was probably the most interesting from the point of view that it was almost the same what I saw in Russia. It is not so important how pathetic the picture of everyday life was seen by the American, but the final conclusion a reader should come to (and O'Rourke makes it obvious) - how sick the idea of an artificial social structure based on an approach is, "to take everything away from the haves and then share with everybody" (it is what Russian writer Mikhail Bulgakov's character Sharikov said in his "Heart of a Dog"). Almost without exceptions the stories in the book cut through propaganda and bare the truth behind the facades. The "Among the Euro-Weenies", although written some time ago is more and more relevant today. Moreover, O'Rourke dialogues are short, immensely interesting and compressed, giving points difficult not to accept.  
1 of 1 people found the following review helpful. A downright Laugh Olympics!  
By Fedoradude  
This book is absolutely hilarious. I love O'Rourke's writing style and quick wit. Kept me laughing throughout. Very interesting exploits told thru a very witty style. Keeps you laughing and engaged. Kinda sad when I reached the end.  
3 of 3 people found the following review helpful. Humorous, sarcastic and profound at the same time.  
By USAF Veteran  
If you aren't familiar with PJ O'Rourke, the caustic, politically-incorrect humorist who used to write for the Rolling Stone when it was worth reading, this book of collected travel writings from the 1980's is a good place to start. Besides being funny, O'Rourke has an irritating way of insulting your favorite politician or political movement by pointing out their idiocy and forcing you to realize you are an idiot too for believing them. And you still enjoy the article. O'Rourke is fairly conservative, in a libertarian sort of way, so if you think Gore is exciting, Hillary (or Bill for that matter) is sexy, and Obama is a black descendant of slaves who fought his way to the top via expensive prep schools, Columbia and Harvard, you probably won't enjoy this book. O'Rourke savages Republicans too, but he seems to enjoy skewering liberals more. That said, this book is a collection of mostly foreign travels (with some American sites thrown in) to various dysfunctional areas of the world. If you have ever spent time in some of these places, he grasps their essence much better than a serious, straight-up political writer. Probably because he realizes that most politicians and official press agencies are steaming piles of horse-apples. There are chapters on Lebanon, Russia, Nicaragua, Poland, Korea, El Salvador, Disney World, South Africa, Harvard, the Phillipines, and Panama. Most of these chapters were written at the time of some ideological war. How can you not laugh at things like the Sandinista Director of Censorship denying there is any censorship by saying, "They [Newspaper La Prensa] accused us of suppressing freedom of expression. This was a lie and we could not let them publish it." On a somber note, you will note that the same Sandinistas are back in power in Nicaragua, Europeans are still weenies ("Among the Euro-weenies" is still spot on), and all the bureaucratic and political shenanigans and ironies are identical to what I suffered last time I tried to get on an airplane. (I never did make it since my 6 year old was on the "no-fly" list. Damn, how did they know he was such a spoiled brat?) So read this and laugh, and then you can cry later when it all hits home.

Now available from Grove Press, P. J. O'Rourke's classic, best-selling guided tour of the world's most desolate, dangerous, and desperate places. "Tired of making bad jokes" and believing that "the world outside seemed a much worse joke than anything I could conjure," P. J. O'Rourke traversed the globe on a fun-finding mission, investigating the way of life in the most desperate places on the planet, including Warsaw, Managua, and Belfast. The result is *Holidays in Hell*--a full-tilt, no-holds-barred romp through politics, culture, and ideology. P.J.'s adventures include storming student protesters' barricades with riot police in South Korea, interviewing Communist insurrectionists in the Philippines, and going undercover dressed in Arab garb in the Gaza Strip. He also takes a look at America's homegrown horrors as he braves the media frenzy surrounding the Reagan-Gorbachev summit in Washington D.C., uncovers the mortifying banality behind the white-bread kitsch of Jerry Falwell's Heritage USA, and survives the stultifying boredom of Harvard's 350th anniversary celebration. Packed with P.J.'s classic riffs on everything from Polish nightlife under communism to Third World driving tips, *Holidays in Hell* is one of the best-loved books by one

of today's most celebrated humorists.
