Sharon Naylor : Home from the Honeymoon: The Newlyweds' Guide to the Celebrations and Challenges of the First Year of Marriage before purchasing it in order to gauge whether or not it would be worth my time, and all praised Home from the Honeymoon: The Newlyweds' Guide to the Celebrations and Challenges of the First Year of Marriage:

0 of 1 people found the following review helpful. Filled with creative ideas and upon a very Thelemic premise By Jessica Sideways After all, does it not say in The Book of the Law: Liber Al Vel Legis that we should have "A feast every day in your hearts in the joy of my rapture!" (AL II:42). Well, while this book does not offer a celebration every day, it comes pretty close with all of the little things that they talk about celebrating. Some of these things are really creative, and I think that the book could be repurposed for a lesbian couple, but the fact of the matter is that this book is very heterosexist and I think that kind of bumps my rating down to three stars. While it is true that marriage equality

has not been achieved everywhere yet (least of all the US), I do not think that it is too far off. Shame though, aside from that - it could have been a phenomenal book.

The honeymoons over. Now what? Couples who spend monthseven yearsplanning their weddings are often unprepared for the transition to married life. As Sharon Naylor shows, however, the first year of marriage doesnt have to be a gauntlet of conflict and unmet expectations.

About the AuthorSharon Naylor is the author of more than 35 wedding planning books. As a noted wedding expert, she has appeared on Good Morning America, Primetime, ABC News, and other TV programs. She is the resident wedding QA expert at iVillage. Naylor lives in Morristown, NJ, with her husband.
