Remo Kundert, Marco Volken : Huts of the Swiss Alps: Hutten Der Schweizer Alpen, Cabanes Des Alpes Suisses, Capanne Delle Alpi Svizzere before purchasing it in order to gage whether or not it would be worth my time, and all praised Huts of the Swiss Alps: Hutten Der Schweizer Alpen, Cabanes Des Alpes Suisses, Capanne Delle Alpi Svizzere:

This is the 2011, 9th edition of the Swiss Alpine Club's guidebook of approximately 330 huts in the Swiss Alps. The guide has a few pages of introduction in French, German and Italian languages (not English) followed by 350 pages of individual hut information. These information pages each feature a hut with a colour photograph plus a location map. Each page also has a list of symbols indicating access issues; contact information; opening times (whether hosted or not); indication of mobile telephone reception; information on climbing possibilities; hut facilities; suggestions for linking other huts and villages etc. These information pages have very little text (not English) and the symbols are easy to understand. This is a very comprehensive guide to the Swiss Alpine hut network.
