Peter Webb : Ice Bears And Kotick before purchasing it in order to gage whether or not it would be worth my time, and all praised Ice Bears And Kotick:

This is the story of an extraordinary boat journey that two men made for the fun of it. They rowed and sailed through

pack ice, past glaciers and icebergs. They survived whales, polar bears, starvation and capsized. In doing so, they completed the first circumnavigation of the Arctic Island of Spitsbergen in an open rowing boat. Along the way they learned about themselves and about life, experienced a frozen wilderness that will most likely disappear before the century is out. This is a story for small-boat sailors, for lovers of ice and snow, and for anybody who wanted to run away to sea.
