Delorme : Idaho Atlas Gazetteer (Delorme Atlas Gazetteer) before purchasing it in order to gage whether or not it would be worth my time, and all praised Idaho Atlas Gazetteer (Delorme Atlas Gazetteer):

0 of 0 people found the following review helpful. A useful set of mapsBy Irish in CarmichaelA useful set of maps. Large enough that details can be read. Not so portable as to fit a back pack. It appears to be complete. Idaho is rugged in the area of my interest so the map has to be studied to make the content useful. It is probably most useful when used with a U.S.Geological topo.1 of 1 people found the following review helpful. Great for Charting Alternate RoutesBy Lance CromwellWe like to travel the back roads and see the real America when we travel. Regular road maps do not show all the great alternative routes one can take to get from point A to B. This book took us on many great back roads where we saw many little out of the way towns and great scenery we would have missed on the Interstate. And this road atlas seems to be easier to read than that put out by a competitor. My only complaint is there were minor inaccuracies or ommissions of roads in some rural areas but otherwise it was a great guide for our off the beaten path adventures.0 of 0 people found the following review helpful. Idaho Atlas and GazeteerBy Mike SchwetizerI am bery excited to get to do some research from this book, it is in excellent condition.

From DeLorme. New! Enhanced Topography. Topo Maps of the Entire State. * Back Roads * Public Lands. 63 pages. Size: approx. 11" x 15 3/4". ISBN 089933-212-8. DeLorme Idaho Atlas Gazetteer The DeLorme Idaho Atlas Gazetteer gives you an enormous amount of information that some normal, fold-out maps don't provide. You'll be able

to plan hikes, backpacking trips, river trips, fishing excursions, hunting expeditions, bike rides, and more with the amount of detail that these topo maps include. In addition to elevations, you get symbols for everything you would need in National Forest lands to locations of monuments. It's a wealth of Idaho information for the avid traveler. Back roads, dirt roads, and trails Elevation contours Remote lakes and streams Boat ramps Public lands for recreation Land use/land cover Trailheads Campgrounds Hunting and fishing spots. Note that we have listed several other DeLorme Atlases Gazetteer for other states; if you buy more than one we combine the orders and refund all but one shipping charge.
