A Shame Its Out of PrintBy seamusoldfieldIndispensable. It can be somewhat dense, but if you live in Idaho (or are just curious), you need this book.1 of 1 people found the following review helpful. Required reading for anyone who is interested in finding little known facts about the area they are inBy BusterMany years ago I was driving a tour bus in Idaho. The bus was full of people from all over the US. I had a tour director who seemed to know many little details about the roads we traveled. I am from Idaho and did not know these

facts! I asked him about it, he showed me his copy of "Idaho For the Curious". I soon bought my own book, this book was one I bought for my daughter.

A colorful guide to the state of Idaho...everything you always wanted to know!
