**Neil Morris : Illustrated History of the World: From the Big Bang to the Third Millennium** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Illustrated History of the World: From the Big Bang to the Third Millennium:

0 of 0 people found the following review helpful. good illustrated history book By Men Illustrated history of the world is a good illustrated book for children and a short illustrated reference for adult. Some adult like illustration. 5 of 6 people found the following review helpful. A superbly presented overview By Midwest Book Review The Illustrated History Of The World is an informed and informative chronological summary of world history which will engage the attention and appreciation with readers of all ages. Full-color photographs and illustrations on every page add a splendid visual touch to global eras and nations. Each two-page spread focuses on a specific instance of world history,

such as The Renaissance, The Russian Revolution, Colonialism, Decolonization of Africa, etc. with a brief summary, a timeline of key events, and a host of sidebars that offer bite-sized anecdotes and crucial insights to what was going on at the time. The Illustrated History Of The World is a superbly presented overview and enthusiastically recommended for general world history reading lists and library collections.<sup>2</sup> of 2 people found the following review helpful. The Illustrated History of the World By Thomas S. Golich If you are at all interested in history this is the book for you. I first found this book in my local library. I enjoyed it so much I bought my own copy. The book provides a concise look at history by timeline and region. Great illustration and a quick read for each period, which is covered on a two page spread

The Illustrated History of the World invites readers of all ages to explore the main currents of world history, from the Big Bang to the Third Millennium. A comprehensive reference book, it brings great civilizations including Greece, Rome, China and India to life, as well as some of the big names in history, from Alexander the Great to Joan of Arc, and from Michelangelo to Mother Teresa. Stunningly illustrated throughout with over 2,000 color maps, artifacts, graphs and realistic artwork reconstructions of scenes from daily life, it provides a panoramic overview of the people, events, issues and conflicts that have shaped our world.

About the Author Neil Morris has written many books. He lives in Britain.
