Fernando Vilas-Bas Castro : Immigrate Into Brazil before purchasing it in order to gage whether or not it would be worth my time, and all praised Immigrate Into Brazil:

1 of 1 people found the following review helpful. Lacks essentialsBy John BeardsleyThis book has a lot of info about the various regions of Brasil, but I was looking for specifics about visas and legal/real estate details that an American moving to Brasil may encounter. It was extremely weak in that regard. So, I would class this as a sort of travel guide without pictures written by a Brasileiro, so the author had that extra background. But for practical immigration information it was very unsatisfactory.
