Beautiful and graceful, this narrative tale meandering throughout village life with poise and a clear, thoughtful voiceBy William Murakami-BrundageBeautiful and graceful, this narrative tale meandering throughout village life with poise and a clear, thoughtful voice. Harkening back to a slower pace of life, where annual olive pressings and grape harvests, not the spin of computers and politics, make up the pace and measure of the day.

Reminiscent of Peter Mayle's memoir, *A Year in Provence* and Frances Mayes' *Under the Tuscan Sun*, this book explores the authors' Italianization on an unnamed Chianti hilltop. Howard, a museum educator, and Mello, an artist, decide to move into a medieval castle. They're welcomed by new village neighbors who share their stories. Abundant drawings and lithographs illustrate the book.
