Living Language : In-Flight Japanese: Learn Before You Land before purchasing it in order to gauge whether or not it would be worth my time, and all praised In-Flight Japanese: Learn Before You Land:

2 of 2 people found the following review helpful. Good for review, hard for beginners By Apollo Latimer I have taken beginning Japanese and was familiar with the language before purchasing this CD. The lessons are fast and useful as a reference or to catch up on some phrases I do not recommend this for beginners trying to learn Japanese. Other products like Japanese for dummies and Instant Immersion do a better job of introducing you to the language. In flight Japanese had better examples than the Korean version. A very patient person can learn some basics from this CD in about a month but if you are looking to learn faster this is not the CD for you. 0 of 0 people found the following review

helpful. Two StarsBy Barbara GThe written manual was not included with my disc - very disappointing and unhelpful.0 of 0 people found the following review helpful. and find this useful. HopefullyBy G. OlinI am preparing for a trip to Japan, and find this useful. Hopefully, I'll know a few phrases upon landing.

Living Language In-Flight Japanese is the perfect boarding pass to learning Japanese before you land. There's no better way to make use of all that spare time on a plane than to master the essentials of a language. This 60-minute program is the simplest way to learn just enough to get by in every situation essential to both the tourist and business traveler. The program covers everything from greetings and polite expressions to asking directions, getting around, checking into a hotel, and going to a restaurant. There are even sections for meeting people and spending a night on the town. Short lessons make In-Flight Japanese easy to use, and a handy pocket-sized insert is included as a cheat sheet for use on the go.

From the Inside FlapLiving Language In-Flight Japanese is the perfect boarding pass to learning Japanese before you land. There's no better way to make use of all that spare time on a plane than to master the essentials of a language. This 60-minute program is the simplest way to learn just enough to get by in every situation essential to both the tourist and business traveler. The program covers everything from greetings and polite expressions to asking directions, getting around, checking into a hotel, and going to a restaurant. There are even sections for meeting people and spending a night on the town. Short lessons make In-Flight Japanese easy to use, and a handy pocket-sized insert is included as a cheat sheet for use on the go. About the AuthorLiving Language has been a proven and effective language learning instruction for over 65 years. Using techniques originally developed for the US State Department, the Living Language Method follows a four point approach from building a foundation of essential words and phrases, advancing to full sentences and conversations, practicing with recall exercises aimed at both short and long term memory and developing practical language skills to equip the learner in any situation. Living Language is an imprint of Random House LLC, a Penguin Random House Company.
