Henry Walter Bates : In the Heart of the Amazon Forest (Penguin Great Journeys) before purchasing it in order to gage whether or not it would be worth my time, and all praised In the Heart of the Amazon Forest (Penguin Great

Journeys):

Inspired by Penguins innovative Great Ideas series, our new Great Journeys series presents the most incredible tours, voyages, treks, expeditions, and travels ever written from Isabella Bird's exaltation in the dangers of grizzlies, rattlesnakes, and cowboys in the Rocky Mountains to Marco Polo's mystified reports of a giant bird that eats elephants during his voyage along the coasts of India. Each beautifully packaged volume offers a way to see the world anew, to rediscover great civilizations and legends, vast deserts and unspoiled mountain ranges, unusual flora and strange new creatures, and much more.
