From Geo Center UK : Indonesia/Malaysia GeoCenter World Map before purchasing it in order to gage whether or not it would be worth my time, and all praised Indonesia/Malaysia GeoCenter World Map:

Part of the renowned Geocenter World Map series, this updated map of Indonesia and Malaysia is both informative and easy-to-use. This cartography is ideal for route-planning and travelling within the countries. This updated cartography now features grid references in the margin to aid quicker orientation. Additional colour changes to the mapping make transport networks clearer than before. With a scale of 1:2 Million and a legend in 8 languages, this is a comprehensive and indispensable road map. Tourist information, places of interest and a comprehensive index booklet are all featured.
