**Beverly Roman : Insiders' Guide to Relocation** before purchasing it in order to gage whether or not it would be worth my time, and all praised Insiders' Guide to Relocation:

13 of 14 people found the following review helpful. WASTE OF MONEY By Tracy L. Lucas DONT WASTE YOUR MONEY IT POINTS OUT THE OBVIOUS T. LUCAS

Whether moving across town or to another country, The Insiders' Guide(r) to Relocation helps turn the challenges of

moving into a positive, productive and enriching experience. The guide contains 26 chapters complete with organizational checklists and offers advice to negotiate house sales, help for career-interrupted partners, methods to find new schools and doctors, tips to help children settle into the new community, information on retirement and estate planning and much more.

From Library Journal Roman has written extensively on relocating and spoken on both radio and TV. Having moved 16 times, she has built her knowledge from her own experiences, both domestic and international. This title is packed so full of practical information that it should make one's move to anywhere less stressful. In fact, much of the information is helpful in just making the transition to different stages of one's life. Roman discusses career interruption, selling and buying a home, buying vs. renting, mortgages, insurance, medical care, care for the elderly, schools, as well as information pertaining more specifically to moving, i.e., organizing the move, moving options, arrival in the new city, and getting established. Her advice is practical, down-to-earth, organized, and doable. A solid guide for public libraries. ?Julia Stump, Voorheesville P.L., Copyright 1996 Reed Business Information, Inc.
