Great Pictures!By A ReaderAlthough not as informative and detailed as "A Rough Guide to Brazil," it does have some interesting pieces about certain Brazilian cities and culture.23 of 32 people found the following review helpful. Very good introductory book for "gringos"By A CustomerMy Brazilian friend living in New York with an American family bought this book for her "host" father as a Father's Day gift. Out of all of the books on Brazil she could have chosen, she selected this one because of its nice graphics and wide-variety of information about her native country. She recommend it so highly, that I bought one for myself.9 of 9 people found

the following review helpful. Full of Culture!By Sandra R. ThurstonI'm Brazilian and I bought this book for my american family right before our first trip together. The culture info. is great. Just a little outdated on economy issues and also the pictures are old. But over all, is the best guide I ever found! I read it now for pleasure. Sandra Thurston
