By Marc Willemsen A great and informative book with lots of fantastic photographs which raises one's appetite for traveling. It's a good source to help choose destinations and places to go. Besides that it offers a lot of background information which helps appreciate the history and culture of Brazil. It'll sure be one of the books packed in my hand luggage to entertain me on the long flight to Brazil. 0 of 0 people found the following review helpful. Five Stars By Peter
