From Insight Guides : Insight Guides Chile before purchasing it in order to gage whether or not it would be worth my time, and all praised Insight Guides Chile:

10 of 10 people found the following review helpful. Must have for the Chile novice!By Cheap-n-EasyThis guide together with the "Chile Footprint" is the perfect combo for the first-time Chile traveler. Why? This guide will quickly and informatively bring you close to Chile's geography, history, culture, ethnic groups and most all aspects important to know when travelling there for the first time. It is not too "scientific", nor is it too superficial. Just right.It is a colorful and high quality book (Discovery Channel) that I was not able to put down until I went through it all.NOTE:

This guide however does not suffice to give specific direction for restaurants, hotels and other facilities or locations needed by travellers. Therefore by itself it is insufficient. For the travel agenda detail you need to get "Footprint Chile". A perfect Chile guide just like a Frommer's. Both books together are the perfect combo !!8 of 8 people found the following review helpful. Love this series of booksBy Neil ZAs a seasoned traveler, the Insight Guides series have become my favorite travel companion. They are not the traditional guides that tell you the cheap places to stay and eat, rather they are detailed guides to the history, culture and things to see in the countries you will be visiting, complete with great photos. They are well researched and I learn things about the country that even the natives don't know. If you are looking for a "where to sleep" kind of guide, you will have to purchase a second, more traditional travel book (like Lonely Planet, etc.). I personally would not think about visiting a country without first reading the "Insite Guide."

Insight Guide Chile includes a section detailing Chile's history, 7 features covering the country's life and culture, ranging from its pure Cabernet Sauvignon vines to its excellent huaso horsemanship, a region by region visitor's guide to the Insights, and a comprehensive Travel Tips section packed with essential contact addresses and numbers. Plus 14 maps and many magnificent photographs.

About the AuthorSince 2000. Hammond, American Map, Langenscheidt Dictionaries, Insight Travel Guides, Delorme the famous names in the Langenscheidt family. These represent the most authoritative, up-to-date, and extensive travel and reference products available. In January 2003, the renowned Berlitz Publishing became part of the Langenscheidt Group.
