Stephan Kuffner : Insight Guides South America before purchasing it in order to gauge whether or not it would be worth my time, and all praised Insight Guides South America:

2 of 2 people found the following review helpful. Good overview By BondA good mix of history, places to see, things to do, sample itineraries and maps. If you're looking for hotel or restaurant recommendations then this book is not for you. 1 of 1 people found the following review helpful. Good info but book is very heavy By PrimeFanI like the Insight Guides: good information with beautiful pictures. They often don't have (in my view extreme) details about each

sight/site, but just enough to make a decision on whether to visit or not. However, after traveling with two other IGs around Asia recently, I noticed how heavy they are compared to others. So I'll read them at home and then take others with me. 3 of 3 people found the following review helpful. Great Overview of South America By Kim Eshaia Wanted an overview of South America as I was visiting several countries on a tour and this travel book provided that along with beautiful pictures as well.

Insight Guide South America is the most illustrated, full color travel guide to the continent on the market, and its lively narrative and stunning images provide both inspiration and information to plan a memorable trip to South America. The Best Of section highlights the unmissable sights and experiences from Peru's breathtaking citadel of Machu Picchu and the Inca Trail, the number one South American trek on most travelers wishlists, to vibrant Rio with its famous Carnival and beaches, sophisticated Buenos Aires, and the jungles of the Amazon, home to the greatest biodiversity on the planet. Lively features focus on South America's history and culture, while the Places chapters show you where to go in South America, with beautiful photography, insightful descriptions of all the main attractions, and detailed, full color maps for easy orientation. The Travel Tips section provides practical information for planning a trip and getting around once you're there, along with our independent reviews of selected hotels and restaurants throughout South America.

About the Author Economist and political scientist Stephan Kffner is a freelance journalist with extensive experience in South America. He has written for several well respected English-language publications including Time, The Economist and The Guardian newspaper, and has worked with Insight Guides on a range of South American titles.
