Should be shared on at least two devices (tablet and desktop)By Kyle AndersI dislike books that Cengage publishes. They have excessive IP rights protection so searching these books is dreadful and in the case of this book it can only be used on one device. When I study at home I want to use my large monitor like I do with other textbooks and with this one... I get the x-ray message. I have given feedback to my school to relay this feedback to Cengage - that we should boycott using their books as textbooks if they are not able to be shared on more than one device. The three stars is for content - the author is good and his explanations are great so the minus two is for

INTERNATIONAL FINANCIAL MANAGEMENT strives to build on the foundation of corporate finance. Recognizing that multinational corporations continue to globally expand, this text first provides a background on the international environment and then focuses on the managerial aspects from a corporate perspective. This book gives you the tools to understand the international financial environment so that you can manage within it.
