Guide to Customs and Etiquette (Culture Shock! A Survival Guide to Customs Etiquette):

10 of 10 people found the following review helpful. Wonderful and Accurate By Ian McLeod This is an excellent introduction to Persian Culture. If you want better, you'll have to spend quite a bit more money. My native Irani friend's native Irani mother said that she was ashamed that a westerner could write so accurately on a subject about which she had forgotten much. She herself ended up reading, enjoying, and praising this book about her own culture. That alone should say it all. While no volume, not even the \$3420 Encyclopedia Iranica, could possibly cover everything, O'Shea's book taught me a variety of useful information in an entertaining way, and helped me to understand and appreciate my Irani friends better. This book is best read while interacting frequently with Iranians, otherwise it might not be as enjoyable.
