National Geographic Maps - Reference : Iraq Classic [Tubed] (National Geographic Reference Map) before purchasing it in order to gage whether or not it would be worth my time, and all praised Iraq Classic [Tubed] (National Geographic Reference Map):

1 of 1 people found the following review helpful. Five Stars By Farhad Nasserghodsi Great product and great price. 0 of 0 people found the following review helpful. As expected By Diana The map was great - exactly what my hubby had wanted. I just wish we had sprung for the extra \$\$ to get it laminated or framed, which was my fault and not a problem with the map itself. Good product. 0 of 0 people found the following review helpful. Five Stars By Jim Can Good Product

National Geographic's Classic style map of Iraq is one of the most detailed and comprehensive maps available of this historic country in the heart of the Fertile Crescent. With its vivid color palette and accurate shaded relief, this wall map is as attractive as it is functional. Iraq is shown in its entirety along with bordering areas of Iran, Syria, Saudi Arabia, Kuwait, Jordan and Turkey. Hundreds of place names are displayed in an easy-to-read font in addition to cartographic patterns depicting deserts, lava fields, swamps, dry salt lakes and intermittent lakes. Major infrastructure networks such as highways, roads, aqueducts, canals, oil fields and pipelines, railroads and airports are also mapped. The map is packaged in a two inch diameter clear plastic tube. The tube has a decorative label showing a thumbnail of the map with dimensions and other pertinent information. Map Scale = 1:1,778,000 Sheet Size = 28.25" x 24.25"

About the Author Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of

mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
