**National Geographic Maps - Reference : Ireland Classic [Tubed] (National Geographic Reference Map)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ireland Classic [Tubed] (National Geographic Reference Map):

0 of 0 people found the following review helpful. Pretty colors, great detail By A. Osmon Awkward size if you're looking to frame (I have a very pinterest-y Maps room in my house, and this one had to be cut down a bit to fit in frame) but the size is listed outright, so you just have to plan accordingly. I framed it in a standard, cheap frame from either Michaels or Ikea (can't remember). The color is a gorgeous soft/pale green and blue scape. Great detail. Fun to spend some time staring at. Great for an adult geography lesson or to recall some fond old memories. :) 0 of 0 people found the following review helpful. Shipped quickly and was in perfect shape. I love it By jaime linhart I went to Ireland last year and bought this to trace my route and frame on the wall. Exactly the size I wanted. Shipped quickly and was in perfect shape. I love it! 3 of 3 people found the following review helpful. Great Map By Nino Deprophetis Have it hanging in my kitchen for close daily viewing in anticipation of our family's trip this summer to County Sligo and beyond. Very detailed and more than large enough for our purposes.

The Classic style Ireland map is one of the most authoritative maps yet published of the Emerald Isle. Of the nearly 1,000 place-names shown on this map, all within the Republic of Ireland adhere to that nation's constitution that the Irish and English language share official status. Thus, Gaelic (Irish) place-names, along with their English variants in parentheses, are shown within Irish-speaking regions while English place-names, along with their Gaelic variants, are shown outside these areas. The Ireland map is ideal for those researching their Irish ancestry, a perfect tool for business reference, and the clean Classic style makes beautiful addition to any decor. It's one of the largest and most detailed maps specifically for Ireland available today. It includes over 1,000 named places including primary and secondary towns, counties, political boundaries, infrastructure, and selected historical sites for both Ireland and Northern Ireland. Per the Republic of Ireland's constitution, the Irish and English languages share official status. In the Gaeltacht, or predominantly Irish-speaking regions, only Irish place-names have official status and are used on signposts. These districts are found within the counties of Cork, Donegal, Galway, Kerry, Mayo, Meath, and Waterford. The map is packaged in a two inch diameter clear plastic tube. The tube has a decorative label showing a thumbnail of the map with dimensions and other pertinent information. Map Scale = 1:550,000 Sheet Size = 30" x 36"

About the Author Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
