Lonely Planet : Irish Language Culture (Lonely Planet Language Culture: Irish) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Irish Language Culture (Lonely Planet Language Culture: Irish):

7 of 7 people found the following review helpful. Entertaining and Useful little book By Emily Dickinson "DCC" This little book is terrific on many levels. It gets right down to teaching Irish "versions" of English words/phrases; so before you have to actually learn Gaelic (not an easy task), you can become conversant with the Irish way of speaking

English - a way to get your foot in the door (of a pub, for instance). Of the 4 learning guides to Irish which I have purchased so far, I've found this to be the easiest, and by far the most fun to read. It's very informative regarding the culture of "the Old Country." 0 of 0 people found the following review helpful. Tour guides also like this book

I am going to Ireland and wanted to know as much about the country before arriving there - fun facts and history both. At our group meeting the travel agent laughed and asked if someone had loaned the book to me. I replied that I bought it. he laughed again and said that they had purchased this same book for everyone going to Ireland on the previous trip 2 years ago. I have heard my father (of Irish decent) say some of the phrases that are in this book.

By S. G. NOLAN
We saw (an older version of?) this book at a B B where we stayed in Doolin, Ireland. Giggles, guffaws, and lots of laughs! We did, indeed, hear many of the words and phrases over the 2 weeks we were there. This is a delightful, funny introduction to Ireland, in sharp contrast to reading about the struggles of the Irish over hundreds of years. They are a strong, resilient people, indeed.

Lonely Planet: The world's leading travel guide publisher Bejaysus and begorrah! The next best thing for anyone not blessed with the gift of the gab - a grand tour through the language, lilt and laughter of Ireland old and new. So join in the craic, forget the Blarney Stone and wrap your tongue around English the way the Irish reinvented it. Features a special section on Irish Gaelic. Lonely Planet's Language Culture series goes behind the scenes of languages you thought you knew. Get into the culture and humour behind common - and not so common - English expressions and learn about the local languages that inspired them. Lonely Planet gets you to the heart of a place. Our job is to make amazing travel experiences happen. We visit the places we write about each and every edition. We never take freebies for positive coverage, so you can always rely on us to tell it like it is. Authors: Written and researched by Lonely Planet, Gerry Coughlan, and Martin Hughes. About Lonely Planet: Started in 1973, Lonely Planet has become the world's leading travel guide publisher with guidebooks to every destination on the planet, as well as an award-winning website, a suite of mobile and digital travel products, and a dedicated traveller community. Lonely Planet's mission is to enable curious travellers to experience the world and to truly get to the heart of the places they find themselves in. TripAdvisor Travelers' Choice Awards 2012 and 2013 winner in Favorite Travel Guide category 'Lonely Planet guides are, quite simply, like no other.' - New York Times 'Lonely Planet. It's on everyone's bookshelves; it's in every traveller's hands. It's on mobile phones. It's on the Internet. It's everywhere, and it's telling entire generations of people how to travel the world.' - Fairfax Media (Australia)
