David Payne : Island Cycling: A Cycle Camper's Guide to Vancouver Island before purchasing it in order to gage whether or not it would be worth my time, and all praised Island Cycling: A Cycle Camper's Guide to Vancouver Island:

0 of 0 people found the following review helpful. This is a great guide, with lots of relevant informationBy Forest Menke-ThielmanThis is a great guide, with lots of relevant information, but be advised it is twenty years old. Some of the things that have changed are dramatic, such as the Ferry from Nanaimo to Tsawwassen, which hadn't been completed at the time of publication. Be advised that this is more of a reference than anything.

Vancouver Island, Canada is one of the worlds premier cycling, camping and touring destinations. Drawing on the authors considerable cycle camping experience Island Cycling remains a popular reference for any Island traveler. More than a route guide it offers insights, often humorously, into locations, events, and watering holes along the entire length and width of the Island. ,
