Again, as with the iSpeak Spanish Audio Phrasebook, installation is quick and easy with very detailed instructions. And, you do not need an iPod or a Zune to use this on your home computer. I purchased this for help with learning basic German and I highly recommend this product for its content, organization and the overall quality of the product itself and the packaging. 9 of 9 people found the following review helpful. Great pronunciation guide... By Don Strimbu, Jr. The iSpeak series works well to assist you with pronunciation... on the German product, the speaker is a very neutral female. Not by any means the definitive way to learn a language, but this material can be invaluable bc of its portability. I purchased the Spanish version also to refresh my skills for my next trip to Latin America. Good stuff. Inexpensive. Highly recommended! 0 of 0 people found the following review helpful. iSpeak By Kindle Customer I got this exactly as described and exactly on time, anyone who thinks buying used is not the way to go, think again! Most of the movie/disc items I have bought on are used and have always been great!
