**Joseph H Hunting : Israel--a modern miracle,** before purchasing it in order to gage whether or not it would be worth my time, and all praised Israel--a modern miracle,:

One of the most amazing features about the boundaries of the new State of Israel is that nearly all the ancient holy and high places are in enemy possession. These include Mount Hebron, Mount Moriah, Mount Gerizim, the Mount of Olives and Bethlehem. Even the Old City of Jerusalem with its many sacred places such as the Wailing Wall and the Temple Site is in enemy possession, so that Ezekiel's prophecy, written approximately 2,600 years before the rebirth of the state of Israel on May 14th 1948, accurately foretells the situation that pertains to "the ancient high places" today.
