**Hanit Armonn Grinberg : Israel from Above** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Israel from Above:

1 of 1 people found the following review helpful. A wonderful keepsake By blythe212 Stunning photographs. Loved the book when I saw it at the where hotel we stayed in Israel. I decided not to buy it there since it would be bulky to carry home. Ordered it from which made it easy and convenient. 0 of 0 people found the following review helpful. Excellent book. By R. Brasher The book was as advertised. Thank you. 0 of 0 people found the following review helpful. Five Stars By Israel Morales great

Sweeping over the ancient desert of biblical imaginings and the lush valleys that signify the progress of the modern state, the birds-eye images in this handsome volume present the varied landscapes that exemplify the very diversity of Israel itself. Readers are witness to the incongruous juxtapositions that exist within Israel: the fruit orchards of the fertile Jordan Valley and the stark desert landscape of the Sinai, the ancient city of Hebron and the modern skyline of Tel Aviv. From the Dead Sea, the lowest point on earth, to the heights of Galilee, this book presents us with the rare opportunity to view an entire region at a glance. Centuries-old temples and archaeological sites where one can trace the roots of Christianity and Judaism make a fascinating contrast to the sleek skyscrapers of Israel's modern cities. Throughout the book, captions present a well-rounded picture of a young nation with an ancient history.

About the Author Itamar Grinberg's work has appeared in numerous publications around the world, as well as in television documentaries. Hanit Grinberg works in cooperation with Itamar Grinberg in maintaining photographic archives of pictures of Israel.
