Zev Vilnay : Israel guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Israel guide:

0 of 0 people found the following review helpful. The ONLY Guide to Israel. By Howard Weinstein The ONLY Guide to Israel. I was in-country in '73 - '74 and used this excellent reference daily. 0 of 0 people found the following review helpful. The Guide to Israel By Walter Cogbill This book means so much to me because I met Zev Vilnay in Jerusalem when I lived there in the year of 1969. 0 of 0 people found the following review helpful. Historians Guide to the Land of Israel, from 1964 By Boston Savvy Shopper (MRB) A historically detailed guide to Israel. This was written before the 1967 Six Day War. Israel as a developing country has a rich and deep history. This is a treasure-trove of maps, detailed stories about the history of each place described, and a worthwhile guide for both Jewish and Christian visitors to the Holy Land. A true documentary history itself, this guide is full of drawings and observations that only a professor of history who is describing his home of more than 30 years, can produce. A great book for the collector. When you turn these pages, you feel like you are hiking and walking with the author at your side.
