Globetrotter : Israel Travel Map, 6th (Globetrotter Travel Map) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Israel Travel Map, 6th (Globetrotter Travel Map):

It is a great tool for Bible study and current events. 0 of 0 people found the following review helpful. A great gift item. By E Phillips I got this to give to friends who regularly watch the Israel News program which comes on only twice a week in our area. They like to know where the places are, which are discussed on that program, and they are "map buffs"! They absolutely loved the gift! 15 of 16 people found the following review helpful. Worst map I have ever seen. By Alexander Rubinshteyn I purchased this map (6th edition) last week with the simple idea not to get lost in Israel when we drive from one place to another during our 2 weeks trip in Israel. When it came and I unfolded it I found that it contains only major roads and only few cities. I didn't find Zippori (neither Tzipori), not Alon Shvut and Efrata. You can say these towns are small, and Zippori just a village, but the map misses a city of Ma'ale Adumim! The same is about National Parks - some are marked on the map, some no. Why the Herodion is there and the Zippori park with its famous mosaic not - I don't understand. This map is absolutely useless for a tourist. Now I have to return this embarrassing map to the seller.
