**Sue Bryant : Israel Travel Pack, 5th (Globetrotter Travel Packs)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Israel Travel Pack, 5th (Globetrotter Travel Packs):

It is small and thin, making it easy to pack. Plus it has a protective, plastic cover which holds the detailed map in the back flap. I especially liked receiving a map and book for this price. Using the map, I was able to pinpoint the hotel I'll be staying in and see what points-of-interest are nearby. There are also maps on the inside flaps of the book and throughout. There are interesting side-bars on many pages. The book is well laid out and easy to read. It doesn't go into detail about fabulous hole-in-the-wall, hidden places to eat, but for a great, little travel book about Israel and it's highlights and best places to stay, eat, shop,

tours, etc. it is super. 2 of 2 people found the following review helpful. Excellent Travel Guide By Kindle Customer This is an excellent, concise, well written travel guide. The excellent full size map alone (country and main cities on the back) justifies the price. Unlike many travel books I have used over the years (Frommers, Froders), this one was short, to the point, contained all the necessary highlights and descriptions, and was a pleasure to read cover to cover. It is small and easy to bring along on your trip. Highly recommended. I just purchased another Globetrotter Travel Guide for my next trip to Peru and will continue to purchase them for my trips. A great travel guide and a great value. 0 of 0 people found the following review helpful. Five Stars By Kells Bay Excellent travel guide
