**Shmuel Bar-Am, Aviva Bar-Am : Israel Travels From Metulla to Eilat** before purchasing it in order to gage whether or not it would be worth my time, and all praised Israel Travels From Metulla to Eilat:

Nowhere in the world is there a country so small, with landscapes so diverse, as the State of Israel. Nightly weather reports feature a dozen different forecasts within an area no bigger than New Jersey; it takes only a few hours to drive from Israel's southern deserts to snow capped mountains.From Metulla to Eilat offers a wealth of information about Israel's ancient and modern history, her unique landscapes, and an abundance of natural treasures. You will find the book studded with Biblical and Talmudic allusions along with tales and legends that have evolved over the millenia.Read From Metulla to Eilat in the comfort of your home while you learn all about Israel and her people. Better yet, bring the book with you as you enjoy the marvelous scenic drives, easy trails and challenging hikes described within it's pages.
