John R. Knuth : My Chilean Wine Odyssey: A Week Touring the Wine Country of Chile before purchasing it in order to gage whether or not it would be worth my time, and all praised My Chilean Wine Odyssey: A Week Touring the Wine Country of Chile:

2 of 6 people found the following review helpful. BAD, BAD, BADBy D. SmithThis was the worst travel book I've read in a long time. Its basically a simple diary of a travel junket sponsored by one of the 2nd tier wineries in Chile.

The biggest insight was what the daily meal was. I've been to Morande myself. I didn't feel the need to write a book about it. The publisher has my money, so I guess I'm the bigger idiot. 1 of 1 people found the following review helpful.

Sauvignon Boring
By Tom Kisthart
This book contains very little information on Chilean wines and not enough insight into Chilean culture. I don't want to call the author racist but I got the impression that he views Chileans as second class people. Like it was so much for him to ACTUALLY consider THESE people his friends. I was also shocked when I opened the book and found it to be published in double space format, not very professional at all. 5 of 7 people found the following review helpful.

No information on Chilean wines
By A Customer
This book is a thorough disappointment. The author visited one winery in Chile. He has no background in evaluating wine, he gives no description of the overall industry or wine regions of Chile, and no real discussion of Chilean wines. Given this lack of substance you might expect at least a charming travelogue. But alas, to add insult to injury, this journal reads like a high schooler's first trip, complete with descriptions of parking at O'Hare, hotel gym facilities, etc. It is hard to understand how this book got published.
