My daughter is obsessed with this series (we have the first 12 books so far and we're adding more as we go). Buying books 1-3 separately would cost significantly more than this book alone - so I was happy to see them all in one very thick volume. I know these books aren't super well reviewed by critics, but my daughter (age 10) couldn't be happier with them. She loves every single one.0 of 0 people found the following review helpful. Great for young girls!By Lynda K.Great especially for young girls. No sex, violence but a lot of intrigue. It's fun to try to figure out what is the outcome of the investigation.0 of 0 people found the following review helpful. TerrificBy Kris E.Daughter loved it!
