Audubon Field Guide to Tropical Marine Fishes: CaribbeanBy Sharon OatesAudubon Field Guide of Caribbean Tropic Fishes is a great book for anyone who travels the waters of the Caribbean....whether you cruise, sail, dive, or snorkel, this book is for you. Shows beautiful pictures of all the fishes that swim the waters. This book was in pristine condition, complete with the authentic Audubon attached bookmark, and the spine had not even been broken from reading. The vendor carefully wrapped the book and I received it within a few days of ordering it. I would highly recommend this vendor to family and friends for their wide selection and pricing of books.0 of 0 people found the following review helpful. VERY VERY nice for the money spent!!!By Lauren EdelsteinThese field guides by Audubon are awesome a great value!!! I am now collecting them all!!!This was a gift. I made baskets filled them with: Audubon Calendar, Audubon field guide, Audubon bookmarks, oragami cranes, silk flowers, pine cones, Audubon Birds of America Tiny Folio, bottle of wine, bird seed. These baskets were gifted to two friends who are avid bird watchers/nature lovers. This was a huge hit!!! Everyone at the party was commenting on MY gifts when there was a huge table full of gifts!!! Quality Field Guide!!!
