Mel White : National Geographic Complete National Parks of the United States: 400+ Parks, Monuments, Battlefields, Historic Sites, Scenic Trails, Recreation Areas, and Seashores before purchasing it in order to gage whether or not it would be worth my time, and all praised National Geographic Complete National Parks of the United States: 400+ Parks, Monuments, Battlefields, Historic Sites, Scenic Trails, Recreation Areas, and Seashores:

4 of 4 people found the following review helpful. AverageBy GJPNot a bad reference but I didn't feel that it offered

much more than the NPS website 0 of 0 people found the following review helpful. Beautiful, Informative book! By Ann Hathenbruck I bought this for my Son. He travels all over the country with his job and has been in almost every National Park that there is! He liked it as well as I thought that he would. It is a beautiful, informative book. 0 of 0 people found the following review helpful. Five Stars By M. Clance Awesome book and photography, we have been to most of the parks, great reminisce of our trips !

Year after year, hundreds of millions of visitors spend more than a billion hours enjoying the magnificent, astonishingly diverse realm overseen by Americas National Park Service. And the National Geographic Society has been involved with this forward-looking, environmentally-minded department from the very beginning. This extensive travel planner covers not just the 58 official National Parks but also the nearly 350 additional properties in the Park Services domain. The premier Parks are described in detail, but equal attention is given to the National Monuments, Memorials, Preserves, Historic Sites, Battlefields, Cemeteries, and Seashores, not to mention a network of "National Trails" and even the intriguingly referred to "Affiliated Areas." From Yellowstone to the Statue of Liberty, from the hallowed ground of Gettysburg National Military Park to the Pacific waters shrouding Hawaiiis U.S.S. Arizona Memorial, this catalog spans American history and territory both, with practical advice on how to reach each park, when to go, and what to do there.

A dandy book designed for armchair adventurers who like lots of choices when pondering their next excursion. Seattle Times "It's rare that I travel to any destination without visiting a national park nearby... This is a guide to all of them, with awesome photos." -- San Antonio Express News About the Author Mel White has written or contributed to more than 15 National Geographic books, including the two-volume Guide to Birdwatching Sites and the Guide to Americas Outdoors: Southwest, and has contributed more than 50 articles to the Societys magazines, National Geographic and National Geographic Traveler.
