My kids and I went to England this past spring and loved it so much we are planning another trip to places we did not see. This wall calendar will keep the lovely U.K. foremost in our minds and hearts. 0 of 0 people found the following review helpful. Just okay By S. Porter Pretty pictures, as you would expect from Nat. Geo., but too generic. It will serve for 2017, but I won't buy another one. 0 of 0 people found the following review helpful. Five Stars By Virginia L. Bennett Love it
