From National Geographic : National Geographic Road Atlas, Adventure Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised National Geographic Road Atlas, Adventure Edition:

46 of 46 people found the following review helpful. Exceeds expectations! Very current printing!By IndubitablyVERY Up-to-date! My city, Charlotte, had a vast stretch of our now-complete beltway open up a mere 4.5 months prior to this edition being printed and it shows that interstate as being complete, just as it really is! I've seen other maps from late 2015 that still have it printed as incomplete. I bought this to use for my family's excursions in the Western U.S. on BLM land in the summertime, and wasn't expecting my own local roads that are new to be reflected here, especially since the posting for this map says it's a 2004 edition. It's not, and I took a picture of the page

containing the actual date, page 143. If my journeys out west this summer don't go very well, I'll update my rating. However, so far I am very impressed! 3 of 3 people found the following review helpful. I love this beautiful atlas! By Customer This very up to date atlas, with beautiful artwork, photos, beautiful maps, and sturdy plastic cover will provide years of use. Well laid out with lots of extras. One issue is that it is huge and can be cumbersome at times, but spiral binding allows you to easily fold in half. It's not something you're likely to carry on a hiking trip, but might keep in a car for when GPS goes down. Definitely good for planning excursions to the National Parks! 0 of 0 people found the following review helpful. Buy it! By Steve Lahr very nice detail. I'd easily buy again. Some maps I dislike due to the colors or just overall lines they use, etc. Some look just so "busy" that they give me a headache! This is a nice atlas. Love it! Happy travels! I wasn't sure if I'd like it, but I took the chance and yep, I surely do like it!

This National Geographic's Road Atlas: Adventure Edition, is the ideal companion for the next time road trip. Includes up-to-date road maps for all 50 U.S. States, Canada, Mexico, and Puerto Rico. Major cities and metropolitan areas are shown in detail with many inset maps that include popular attractions, infrastructure and points-of-interest. What setting this atlas apart from all other road atlases are the inclusion of many detailed maps and guidebook-like recommendations on the top 100 destinations for adventure, plus the top 24 most visited National Parks. An additional resources section provides contact information for local tourism offices, plus a place name index to help easily locate a specific city. The Road Atlas: Adventure Edition features a heavy duty spiral binding and clear plastic cover for durability and lay-flat reading.
