**National Geographic Society : National Geographic Route 66 2017 Wall Calendar** before purchasing it in order to gage whether or not it would be worth my time, and all praised National Geographic Route 66 2017 Wall Calendar:

2 of 2 people found the following review helpful. Love These NatGeo Wall CalendarsBy griffyBeautiful pictures!  
Nice, large, uncluttered calendar so there's plenty of room to write appointments.0 of 0 people found the following  
review helpful. Four StarsBy TH7788Fun kitsch calendar with good amount of room to write in the blocks0 of 0  
people found the following review helpful. Five StarsBy CinWizGreat calendar

U.S. Route 66, often referred to as the Main Street of America or the Mother Road, was one of the original highways within the U.S. Highway System. Running from Chicago, Illinois to Santa Monica, California, Route 66 was established on November 11, 1926. As U.S. highways were updated, Route 66 became more of an American right of passage, known for its historical landmarks and roadside attractions. Each year, thousands of Americans take the journey along Route 66, one of the most nostalgic bi-ways in America. The images in this twelve month calendar show the unique flavor, as well as beautiful landscapes from one end of the road to the other. Each outstanding image is accompanied by insightful National Geographic information and a large grid with moon phases and international holidays. Proceeds from the sale of this calendar support vital exploration, conservation, research and education programs. The calendar includes a 3-year at-a-glance page and is earth friendly, printed with soya-based inks on FSC

certified paper.
