**Kathy Ombler : National Parks and Other Wild Places of New Zealand** before purchasing it in order to gage whether or not it would be worth my time, and all praised National Parks and Other Wild Places of New Zealand:

Published with the support of New Zealand's Department of Conservation, this guide includes mainland parks and key offshore islands, of which five sites have been granted World Heritage status. Includes 300 full-colour photographs and 36 colour maps.

About the Author Kathy Ombler is a New Zealand freelance writer whose interests include ecotourism, conservation and travel. She has written a number of books and magazine articles and has also been involved in a range of research and writing work for park management and conservation organizations. The photographs for this book have been selected from the work of a variety of respected natural-history photographers. The images convey the visual splendour of New Zealand's scenery and provide close-up detail.
