**Speedy Publishing : Nations Of South America: Fun Facts about South America for Kids** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Nations Of South America: Fun Facts about South America for Kids:

0 of 0 people found the following review helpful. A Taste of South America By Kindle reader Get a glimpse of South America through its colorful people, landscape and interesting facts. This book could use more text and descriptions that's why I give it 4 stars. Suitable for children. 1 of 1 people found the following review helpful. Beautiful pictures! By tarafarah7: Tara Brown I teach Spanish and I really love this e-book because the pictures are beautiful and the included facts are informative. The only thing that would make this book 5-star (and more helpful to the reader) is if the author included a small description of where each picture was taken so that readers could see what part of South America they were looking at. Otherwise, the book is great! 0 of 1 people found the following review helpful. Good By Macy W. Good.

A picture book of South America for children can lead a child to wonderful adventures. It can show any child another culture, teach history, show them history, and even teach them about a rainforest. Any child would love to have a

picture book of South America. There is so much enjoyment in stories about South America. The pictures would offer added visual aspects. A child can learn of the importance of rain. They may see pictures of the rain forests and can enjoy a sense of wonder about the world.

About the AuthorAt Speedy Publishing, we envision our company and publishing arm as being a premier publisher of quick-reference materials, useful reference books, fiction books in all sub-genres and creative non-fiction to both entertain and assist readers worldwide in reading a fun and exciting books and also accomplishing their educational and professional goals.
