recommended in the conclusion of The Native American Indian Artist Directory. Along with The Field Guide to Southwest Indian Arts and Crafts you can have a great adventure in the Southwest. Read Kosik and Hardeen's book first. Then read the Field Guide to learn about the art along the "Native Roads." Then open up The Native American Indian Artist Directory and find an address or phone number for the artist that interests you most and have a memorable experience!!0 of 0 people found the following review helpful. Very helpful SW guideBy SMDPurchased this for a road trip through Navajo to Santa Fe. It was a great guide and the information added much to our travel experience.1 of 1 people found the following review helpful. Navigating Native landsBy peakview02Great info for traveling and studying native lands!

With this indispensable guide in hand, travel the spectacular buttes and secret canyons of the Navajo and Hopi Nations in Arizona, Colorado, New Mexico, and Utah. Find your way through glorious Four Corners country and discover the rich cultures that flourish there.

The update makes excellent sense as a form of travel insurance when following thousands of acres of sometimes poorly marked and oftentimes totally unmarked roadways. The author's references to history, culture, landscapes and visitor options make this more than just a map from Point A to Point B.... Travelers, both seasoned and neophyte, as well as armchair tourists, will love this book because it provides thumbnail cultural histories as well as road warrior travel tips. --Indian Country TodayNative Roads should be in the vehicle of everyone who does any driving around in what we call Indian Country. --Tony HillermanA sure winner. Anyone traveling the Four Corners region will want a copy on the seat beside them. --The Tombstone EpitaphAbout the AuthorFran Kosik has lived in and traveled throughout the Navajo and Hopi Nations for more than 30 years.
