**Napier Shelton : Natural Missouri: Working with the Land** before purchasing it in order to gage whether or not it would be worth my time, and all praised Natural Missouri: Working with the Land:

In Natural Missouri: Working with the Land, Napier Shelton offers a tour of notable natural sites in Missouri through the eyes of the people who work with them. Over a period of three years, he roamed all over the state, visiting such

different places as Wilsons Creek National Battlefield, Pomme de Terre Lake, Mark Twain National Forest, the Ozark National Scenic Riverways, Roaring River State Park, Prairie State Park, Ted Shanks Conservation Area, and Mingo National Wildlife Refuge. Along the way he interviewed professional resource managers and naturalists, biologists, interpreters, conservation agents, engineers, farmers, hunters, fishermen, writers, and many others in an effort to gain a perspective that only people who work with the land for business or for pleasure can have.
