Bride's little helper.....By Love to learnMy matron of honor gave me *Never Throw Rice at a Pisces* by Stacey Wolf, I think it saved my sanity and probably saved me from my fiance calling off the engagement. I had gotten so wrapped up in all of the nitty gritty details that I was taking all of the fun out of planning the most special day of our lives together.....that is until we have children. Anyway, I highly recommend this book to every bride to read before she starts the process of planning her wedding. I am so thankful for this book, it was so fun to read about our signs and discover what will make us both happy and hopefully relaxed during the process. I'm totally re-focused now and can get back to planning our beautiful wedding with a light heart!
