Guide. There is a newer version which is much better organized, more colorful and much easier to use than this one. The new version is available at higher price and well worth it. Unfortunately, the new version did not appear on at the time I bought this version. I think that the vendor may be trying to sell this out before they tout the new version, through no fault of . At a price of around \$10, I chose to keep the older version rather than pay the return postage and have nothing. I also purchased a new version which I really like.

Beaches, cliffs, forests and wetlands - New Jersey is called the Garden State for good reason, featuring some of the most beautiful and distinct landscapes in the country. Its diverse habitats mean unique wildlife viewing! Use the New Jersey Wildlife Viewing Guide on your next exploration of this incomparable state.
