Yes, they are small and the print might be hard to read for some people, but this is a great design. The map will fit in a shirt or pants pocket. What could be more convenient? They even note points of interest on the map. They fold out easily but open and close them carefully to avoid any problems. They are awfully accurate for something so small and save you from having to open a large map on the street. The maps focus on the main areas of a city which should be good for most people. The outside is heavyduty and will withstand some constant use. 1 of 1 people found the following review helpful. Plan your vacation ahead of time By plbrnb I liked the size of the pop out map, easy to carry, most of the sights to see were listed clearly, wished more of the restaurants were listed, but in all would recommend it, makes it a lot easier to get around and to plan your vacation, each day we had planned by location on the map, no running around back and forth.

About the AuthorPopOut is the unique, genuinely pocket-sized map which features our patented PopOut fold. It is this innovative design that allows our precise, easy to follow cartography to be right in your hand when you need it most. Moreover, the origami fold means you can do away with that awkward, oversized map, making it a compact and discreet reference tool that doesn't shout tourist alert! PopOut was founded in 1993. Having spotted a need to cure what he calls 'Map Stress Syndrome' after watching numerous tourists around the City of Bath, England, battling with oversized maps, founder Derek Dacey recalled the invaluable miniature charts he used during his days as a commercial pilot. Aiming to bring this level of usability to the city map market, a small team of designers was recruited to realise what would soon become the PopOut. 1993 saw the release of the first ever PopOut Map Bath, which was sold in the gift and souvenir trade across the city. Hot on the heels of this initial success, a research trip to the USA culminated in a redesigned layout, combining strong photo images, high quality printing and laminated covers standards which are still adhered to today. That research trip also saw the birth of the first US destinations covered in the PopOut range Boston, NYC, Philadelphia and Washington DC. Launched in the new style in the US they enjoyed instant success in the gift and souvenir trade. Today, PopOut produces over 100 titles for major destinations and is loved by travellers the world over.
