He also neglected to put in Summersville Lake, one of the best sport climbing areas in the east. Steve Cater's New River Gorge Rock Climbers' Guidebook is definitely the book to buy it is also less expensive and is easier to use and includes Summersville Lake.2 of 2 people

found the following review helpful. By far the worst guidebook...By A CustomerThis was one of the worst guide books I have seen. If you've never been to the New do not buy this book. The driving directions to each crag, if there, were horrible. I have never been so confused going to a new area, while using this book. Good luck trying to find the climbs, it's all backwards. ...1 of 1 people found the following review helpful. Trad and SportBy A CustomerThe best rock climbing guide for the New River Gorge that covers both trad and sport. Has detailed descriptions of every route. Helpful graphics key that marks routes as trad, sport, or rainy day routes at a glance.

Details on 1,500 routes in the premier sport climbing area of West Virginia's New River Gorge.
