Allan Ishac : New York's 50 Best Places To Take Children, 3rd Edition (City and Company) before purchasing it in order to gauge whether or not it would be worth my time, and all praised New York's 50 Best Places To Take Children, 3rd Edition (City and Company):

4 of 6 people found the following review helpful. Well written book for NYC dwellers more than vacationers
By Michael J. Ryan
I would give this book 3 1/2 stars if I could. Buy this if you want to get to know NYC attraction if you live in New York. It made me excited about getting to NYC. Buy another book if you want a resource that can help plan where to go during a vacation stay. I bought this book along with another well known travel book. I liked reading this book a lot more as it was much better written. It suffers in comparison with the other book because it's just not that useful when in NYC. Regrettably, it wasn't up to date -- like recommending the USS Intrepid while the attraction is closed. That's okay -- just not great. Moreover, as a book for vacationing, it wasn't much use when we got into NYC. A map would have been great. It's best for reading ahead of time and thinking about places to go but not for planning on the go or working out things just a day or two in advance.

Awesome
By S. Kelly
Awesome book with great suggestions- well written, easy to use! We and the kid loved the suggestions.

New York's 50 Best Places to Take Children is the definitive guide to showing kids a good time in the Big Apple. Completely revised and updated for an all-new third edition, this classic City Company backlist title remains the most comprehensive and accessible book of its kind.
