By Oksana Germakovskii thought this was for New York state. My mistake. It's for NY City. Many great place were covered in Fodor's "Where Should We Take the Kids: Northeast". Other places wouldn't be on top of visitors' list but will suit families who LIVE in NYC more. Unless you are staying there for a long time and want to exhaust all possible options.

By LuluThis book is pretty helpful for those weekend 'what do you feel like doing' moments. I have lived in NY my whole life, (30 years) and had never been to the (mini) zoo in Queens. It lists some pretty cool places to go and see, with accurate and updated descriptions. If you have kids, and live in NY, you need this book.
