ITM Canada : New Zealand 1:950,000 Travel Map before purchasing it in order to gage whether or not it would be worth my time, and all praised New Zealand 1:950,000 Travel Map:

0 of 0 people found the following review helpful. The map is good and really strongBy ReflexologistWe traveled in the South Island. The map is good and really strong, but you really don't need a map today while traveling. There are not that many roads in NZ and if you have google maps on your phone, you will most probably be able to find where you need to go. The one time we needed a map ws to find the Hokitika Gorge, the map was not helpful. It was not detailed enough to find the smaller roads we needed. Luckily we had internet coverage in Hokitika and in some spots on the way so we were able to find it. Good map, but we didn't need it while there. IT might be helpful for planing your trip if you don't want to work with an on-line map.2 of 2 people found the following review helpful. Good map just not as sturdy as I was hoping for.By Golfer 4I just received this and hopefully will love it. I am not sure the paper will be sturdy enough for significant use when we get to New Zealand. However, I like that I received the 8th edition, published in 2016, rather than the 7th edition (2013), which is indicated on . It has lots of sites marked and special markings for very scenic spots. It has one way streets indicated in the cities and dotted lines indicating railroads, even the smaller scenic ones. If it holds up, it will 5 stars.1 of 1 people found the following review helpful. Really useful map with icons marking POIsBy DreamerReally useful map with icons marking POIs, and roads are clearly marked. Sturdy map as well, should withstand our travels.

A waterproof road map of New Zealand. The best way to plan your trip, prepare your itinerary, and to travel independently. Inset maps of Downtown Auckland and Wellington.The legend is in English. Touristic information: airports, points of interest, ski areas, surfing, geothermal ares, beaches, museums, lighthouses, waterfalls, harbours, caves, viewpoints, golf, caravan sites, campsites, national parks, churches, glaciers, lakes.
