Marco Polo Travel Publishing : New Zealand Marco Polo Map (Marco Polo Maps) before purchasing it in order to gauge whether or not it would be worth my time, and all praised New Zealand Marco Polo Map (Marco Polo Maps):

Just got back from NZ using this map as our overall guide (we didn't spend a bunch of money on GPS--who needs that? We're on an adventure!) The Marco Polo Map was almost accurate--i.e. I'm not sure Hwy 47A around Turangi was marked correctly on the map. We used the map for 3 weeks. It began to tear at the folds in about 1 week. But it made it. Heavy paper but not tough enough. This map is great for planning purposes, and take it with you as your basic map. We supplemented the finer points with local maps as we drove along.
